

LEADERSHIP CHARTER

Leaders inspire and motivate. They create a strategic vision to empower others. They promote a culture of support and challenge and are accountable for the path taken.

As leaders we are COLLECTIVELY responsible for fulfilling our school vision:

A special place of learning to enable pupil voice, curiosity, independence and happiness for today and tomorrow.

In order to achieve our vision for our children, we all pledge to work as ONE team, This means that:

- We are constructive
- We actively listen to each other
- We create a non-judgmental space for honest discussion
- We challenge with love
- We have a growth mindset
- We support & encourage each other
- We look after each other
- We respect & support team decisions
- We celebrate successes
- We relax together
