

Pupil premium strategy statement – Lady Zia Wernher 2024 - 2025

Before completing this template, read the Education Endowment Foundation’s guidance on [using your pupil premium funding effectively](#) and DfE’s [using pupil premium guidance](#), which includes the ‘menu of approaches’. It is for school leaders to decide what activity to spend their pupil premium (and recovery premium) on, within the framework set out by the menu.

All schools that receive pupil premium (and recovery premium) are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement, if that version was published using the template.

Before publishing your completed statement, delete the instructions (text in italics) in this template, and this text box.

This statement details our school’s use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

Part A: Pupil premium strategy plan

Statement of intent

Our aim is to use pupil premium to support disadvantaged pupils. All our pupils have severe or profound learning difficulties which create cognitive and physical disadvantages to neurotypical born pupils. We do see variance in outcomes for disadvantaged pupils in our setting particularly in social opportunities, attendance, socio-economic/ home life conditions and culture capital opportunities.

Although our strategy is focused on the needs of disadvantaged pupils, it will benefit all pupils in our school where funding is spent on whole-school approaches, such as high-quality teaching. Implicit in the intended outcomes detailed below, is the intention that outcomes for non-disadvantaged pupils will be improved alongside progress for their disadvantaged peers.

Our strategy is driven by the needs and strengths of each young person, based on formal and informal assessments, not assumptions or labels. This will help us to ensure that we offer pupils life skills, opportunities for their voice to be heard, cultivate curiosity in their community, use experiences to grow independence and promote happiness today and tomorrow.

Staff training at LZW is key to successful pupil outcomes. Knowledge of SEND, barriers to learning, differentiation curriculum, and SEMH strategies to enable engagement are key features of induction and continuous professional development.

It is important pupils, parents and families are safe. We believe in positive home/ school partnerships and we invest heavily in bridging the disadvantage gap with active engagement, positive challenge and professional curiosity to understand a child's barriers to full educational participation.

Pupil premium is used for staffing, training and curriculum opportunities.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Internal and external monitoring shows that disadvantaged pupils have erratic & low attendance due ill-health and therefore have less opportunity to progress.

2	Internal and external monitoring shows that disadvantaged pupils have erratic & low attendance due difficult home circumstances and therefore have less opportunity to progress.
3	Through observations and conversations with pupils and their families, we find that disadvantaged pupils generally have fewer opportunities to develop cultural capital.
4	English as second language and low literacy competency therefore unable to access benefits, communications from school and professionals
5	Through observations and conversations with pupils and their families, we find that disadvantaged pupils generally have fewer opportunities to experience broad and balanced learning opportunities and life experiences

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To improve attendance rates in line with non pupil premium pupils. To improve punctuality rates in line with non-disadvantaged	Analysis for individual pupils and specific cohorts, case studies. Improved punctuality – lateness declining annually for pupils eligible for pupil premium. Fewer pupils eligible for pupil premium that are persistently absent.
To understand the barriers to bringing children to school.	Successful travel assistance application Successful EH, DLA application Improved attendance
More opportunities for children to engage in cultural capital activities.	All pupil premium pupils attend at least 1 enrichment activity per term such as dance, storytelling, visiting theatre production, riding or community visit
Offer a broad and balanced curriculum with quality resources and facilities	Curriculum resources are available for all lessons, learning and playing spaces are of at least good quality. Staff training schedule is offered and implemented into classroom practise

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

Music therapy is a medium that offers opportunities to communicate with their world around them. To make choices to and communicate their needs. Offered pupils with complex behaviour de-escalation spaces. Development of group skills – turn taking, sharing, listening.

Maintained effective links with families, supporting vulnerable and chaotic home situations building greater understanding between home and school to improve attendance and engagement in pupil's learning. Supported families to access services to improve family opportunities. For families to meet and exchange ideas and support each other. Supported families with medical appointments improving pupil health and well-being. Worked in partnership with professionals to provide multi-agency support creating effective teams around the family thus improving pupil's outcomes.

Attendance improvement for 8 individual pupils, 5 accessed personal travel budget as a result of family worker involvement and 3 pupils accessed full travel support, therefore becoming punctual and improved overall attendance.

Feedback from theatre performances illustrate high and positive pupil engagement and joy as a result of attending the events/ activities.

Dance and storytelling sessions feedback from teachers – high engagement, concentration, regulated behaviour and positive communication skills and appropriate target achieved within sessions delivered.

8 coffee mornings held with 5 outside professionals. Parent numbers varied from 2 -10 over the school year.

Improvement of outdoor surfaces has enabled better access for all children. Improving opportunities for quality play, physicality, de-escalation spaces.

2 classes attended riding sessions for half a year each. Sessions build self-esteem, offer communication opportunities and a social setting for children to engage with their community.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
